JAZZ DANCE AND COMMERCIAL JAZZ INFLUENCE

The Jazz Dance workshop will be offering training and background on jazz dancing from the commercial world of dance. Attendees will be introduced to a style of jazz that is more technically based and will have an opportunity to investigate what dancers are experiencing now in the world of television, movies, industrials and stage.

There will also be lyrical jazz and jazz funk offered as to bring awareness that dancers in the commercial world of dance must be well versed and “well rounded” in their knowledge and training.

Malaya's classic lyrical and classic jazz movement is often described as timeless. She has taught for LADF and EDGE for nearly 20 years and travels both nationally and internationally to teach master classes and set choreography on companies.

Among Malaya's video, television and feature film appearances are Batman & Robin with George Clooney, a music video for Betcha with Prince, The Tonight Show with Jay Leno and an appearance with Celine Dion. Malaya's choreography credits include many Los Angeles concerts as well as the Houston Metropolitan Dance Company, University of Oklahoma, Commonality Dance Company, Naway Dance Company, and the Instincts Dance Company.
